

Application Serial No. 10/615,708
Reply to Office Action of March 23, 2005

PATENT
Docket: CU-3283

REMARKS/ARGUMENTS

Reconsideration is respectfully requested.

Claims 1-6 and 8-19 are pending and stand **allowed** in the present application before this amendment. By the present amendment, claims 1, 3, 13, and 15 have been amended. No new matter has been added.

In the Ex Parte Quayle-type office action, the allowed claims 1-3, 5, and 13-16 stand objected to for reciting both "the substrate" and "the silicon substrate." In response, claims 1, 3, 13, and 15 have been amended to recite only --the silicon substrate—. Withdrawal of the objections is respectfully requested.

For the reasons set forth above, issuance of a Notice of Allowance in the present application is proper in the next action. This amendment is considered to be responsive to all points raised in the office action. Should the examiner have any remaining questions or concerns, the examiner is encouraged to contact the undersigned attorney by telephone to expeditiously resolve such concerns.

Respectfully submitted,

Dated: November 12, 2005
